haunting, beautiful first novel by the bestselling author of

Long Way Gone

When Ishmael Beah's

Long Way Gone was published in 2007, it soared to the top of

bestseller lists, becoming an instant classic: a harrowing account of Sierra Leone's civil war and the fate of child

soldiers that "everyone in the world should read" (The Washington Post). Now Beah, whom

Dave Eggers has called "arguably the most read African writer in contemporary literature," has returned with his first

novel, an affecting, tender parable about postwar life in Sierra Leone.

At the center of

Radiance of Tomorrow are Benjamin and Bockarie, two longtime friends who return to their

hometown, Imperi, after the civil war. The village is in ruins, the ground covered in bones. As more villagers begin to

come back, Benjamin and Bockarie try to forge a new community by taking up their former posts as teachers, but

they're beset by obstacles: a scarcity of food; a rash of murders, thievery, rape, and retaliation; and the depredations

of a foreign mining company intent on sullyng the town's water supply and blocking its paths with electric wires. As

Benjamin and Bockarie search for a way to restore order, they're forced to reckon with the uncertainty of their past

and future alike.

With the gentle lyricism of a dream and the moral clarity of a fable,

Radiance of Tomorrow is a powerful novel about preserving what means the most to us,

even in uncertain times. Named one of the Christian Science Monitor's best

fiction books of 2014
